## Hane Gets Seven Years in Leavenworth

### OFFERS HELP

## GAINS SCORED BY ROOSEVELT

Gets Minnesota Delegation Following Victory in New Hampshire.

Turns to North Dakota

Party Voters There Will Choose Between Him and Murray.

WASHINGTON, March 10.—Two successive victories spurred the campaign of Governor Franklin D. Roosevelt for the Democratic presidential nomination.

On top of his popular victory for New Hampshire's eight convention votes, Roosevelt yesterday obtained Minnesota's 24. Immediately his managers turned toward a drive to obtain in next week's primary North Dakota's 10 votes for which Governor Murray of Oklahoma has campaigned in person.

As the first test between Roosevelt and Murray, result of that primary is regarded equally as important as the thoroughgoing victory over the Alfred E. Smith delegation in New Hampshire.

Roosevelt supporters are working hard to consolidate this New England lead, going aggressively after the big Massachusetts delegation.

In California, a state of Smith delegates was announced, and selection of one favoring the nomination of John N. Garner was to be put in the field today. A Roosevelt delegation already has been named.

Minnesota's choice of Roosevelt was not unexpected. A row in the party convention split it, a minority gathering separately to nominate delegates favorable to Smith.

Roosevelt now has 48 pledged delegates, to lead the field.

## CHINESE KIDNAPING QUARTET EXECUTED

SHANGHAI, China, March 10.—Four Chinese kidnapers faced a firing squad today at Tiao Ho-King prison in Shanghai.

## Forgotten

(Will Rogers Special)

BEVERLY HILLS, Calif., March 10.—The poor old disarmament conference at Geneva, it's just dropped plum out of papers.

It just shows you how we can get all excited about something, and think that life and death depend on it, and in six weeks nobody can remember it.

Those poor delegates, they were fairly well known a month ago, now their own folks don't know where to send them mail.

I am going to ask for contributions for funds to build a home for delegates who have been sent off to conferences and forgotten.

P. S.—What a wise guy that Charles Dawes was to escape that burial alive.

## U. S. PEN TERM GIVEN FORMER BANK CASHIER

Marion Man Pleads Guilty to 11 Indictments Charging Embezzlement.

AWAITS TRIP TO KANSAS

Upper Sandusky Man Gets Three Years; Hane Makes Statement.

Seven years in Leavenworth federal prison is the sentence passed on H. W. "Bud" Hane this morning when he pleaded guilty before U. S. Judge George P. Hahn in federal court at Toledo to embezzlement charges.

Hane entered a general plea of guilty to all of the 11 indictments charging him with embezzling \$70,000 from the Marion National bank, of which he is former cashier. His defalcations in the bank are said to amount to \$90,000.

Harmon Frank, former cashier of the First National bank at Upper Sandusky, was sentenced to a term of three years in Leavenworth when he pleaded guilty to a charge of embezzling \$8,000 from that bank.

Both Held in Jail

Both have been held in the Lucas county jail since they were indicted by a federal grand jury. They will remain in the Lucas county jail until removed to the federal prison at Leavenworth, Kas., within the next month or six weeks, according to Kenneth V. Wilson, federal clerk of courts at Toledo.

In an interview with a representative of the International News Service, shortly before his arraignment this morning, Hane expressed the hope that his plight would keep others from following in his footsteps.

"I never got anything out of it but grief, and I hope that anyone who sees this will think twice before going the same way I did," Hane declared.

"It's the same old story of playing the stock market. After losing more than \$50,000 of my own money, I still thought that if I had just a little more, I could recoup my losses.

"You know, when a man loses a couple of thousand dollars of some one else's money, he is apt to lose a lot more trying to get that back."

Private Funds Exhausted

Hane is said to have drawn on funds of the Marion National bank to protect his stock market manipulations when his private funds were exhausted after the stock market crash in 1929. He left Marion last Dec. 7 after resigning as cashier.

The bank was placed in the hands of a federal receiver for liquidation when federal bank examiners discovered Hane's defalcations amounted to approximately \$90,000.

He was arrested Feb. 15 in Columbus, without funds and nearly ill. All of the money he had embezzled was exhausted before he left Marion, he said. As a result, he was hard pressed for sufficient money to live on during his absence from this city.

Consents to Pledging of Ohio Support at Party Convention.

BROWN IN OHIO RACE

Secretary of State Seeks Governorship; Bettman After Senatorial Seat.

COLUMBUS, O., March 10.—President Hoover has taken his first formal step as a candidate for reelection.

The formality—his consent to have Ohio's delegation of 55 to the Republican national convention pledged to him as first choice—stood out among political developments in the state yesterday. Other developments included the formal entry of Secretary of State Clarence J. Brown in the race for the Republican gubernatorial nomination.

The President's consent was filed with the secretary of state simultaneously with the filing of the nominating petitions of the 11 delegates and alternates at large pledged to him. District delegates and alternates will be filed in the 22 districts before the deadline Friday.

Willis Men in List

The Hoover slate of delegates, includes the names of many who supported the presidential aspirations of the late Senator Frank B. Willis four years ago.

While bidding for the delegation President Hoover is not expected to enter the Ohio presidential preference primary. Three other Republican presidential candidates, however, have filed their declarations for the state's popular choice.

They are Mayor Jacob S. Coxey of Massillon, who led an army of unemployed to Washington two decades ago; former U. S. Senator Joseph I. France of Maryland; and Olin J. Ross, Columbus attorney. Brown entered the gubernatorial race.

## OHIO SLAYER DENIED CLEMENCY BY WHITE

Putnam County Man Must Pay Penalty in Chair Friday Night.

COLUMBUS, March 10.—Daniel Hunt, 58, of Rushmore, Putnam county, must die in the electric chair at Ohio penitentiary tomorrow night for the murder of two men. Governor George White today refused executive clemency.

Governor White, after considering the recommendation of the state board of pardons and paroles, said he could find nothing to warrant clemency.

Hunt killed Leon J. Moebuck, farmer, near Vaughanville, and Frank Conroy, Sugar Creek township constable, the night of Sept. 23 in attempting to evade arrest after stealing and killing a hog on Moebuck's farm.

Sentenced with Hunt was his companion, the night of the shooting, Price Gray of Rushmore. Gray, now a penitentiary trustee, was sentenced to from 1 to 20 years.

## DAVEY NOT A CANDIDATE FOR WHITE'S POST

Ex-Congressman of Kent Declines To Stay Out of Gubernatorial Race.

BUSINESS NEEDS TIME

Decision Follows Widespread "Draft Davey" Move in Ohio.

COLUMBUS, O., March 10.—Martin L. Davey, former congressman of Kent, will not be a candidate for the Democratic gubernatorial nomination this year, he announced in letters to friends today. His private business demands his attention at this time, Davey said.

Davey's letter was addressed specifically to Grover Cleveland Bell, president of Cleveland Lodge No. 132, Brotherhood of Railroad Trainmen, but copies were sent to friends throughout the state.

Bell launched the movement to "draft Davey" for the nomination to oppose Governor George White, who seeks re-election and reelection.

Davey said he had decided not to be a candidate only after "careful and earnest thought," and that from one standpoint, he came to the decision "with genuine regret."

He expressed gratitude to those who sought to draft him and to the Democrats who signed petitions in his behalf.

Davey said he felt it was his duty, in these times of business stress, to devote his time to his business rather than to his "ambition."

## RUMORS BRING QUICK DENIALS

Lindy's Child Not Found and Is Not on Train, Police Declare.

ANSWER DAILY "QUIZ"

Prompt Attention Given to Questions on Kidnaping Mystery.

HOPEWELL, N. J., March 10.—Rumors that the kidnapped Lindbergh baby had been found in five miles of this village or that the child was being brought in on a train from Chicago were denied from the Lindbergh home today.

Get Speedy Answers

In accordance with the procedure established by the press conference, a list of questions about the case shortly after 8 o'clock. It has been customary for police to enter on the questions about an hour, in some instances showing them to the Lindberghs. This morning, however, two of the questions were answered immediately.

The first was: "Has baby been found five miles from Hopewell?" The police answered "no."

The other question read: "Is baby being returned, now on train from Chicago?"

"We have no knowledge of it," police replied.

Other questions were held for more consideration.

An hour and a half after the questions were submitted answers were telephoned out from the Lindbergh house. Aside from the answers earlier the questions and answers were:

In Colonel Lindbergh on the verge of nervous collapse?

No.

Has the baby been returned?

No.

Is there any indication that baby is alive or when it will be returned?

This question previously answered. (The police answer to this has been "no.")

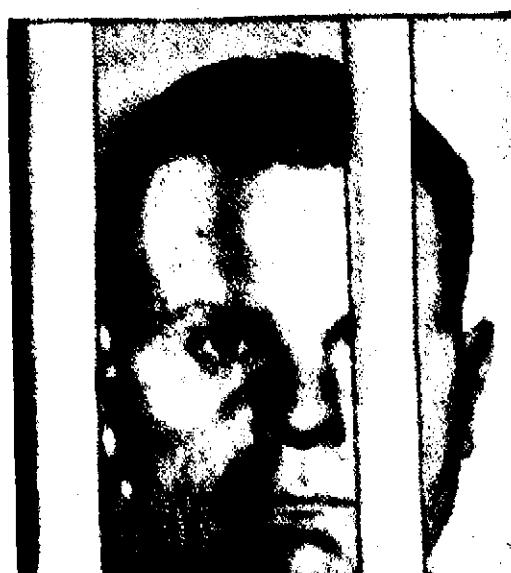

Don't Know About Roemer

Who is Morris Roemer? Did he visit the Lindbergh home yesterday?

Do not know.

Did the Lindberghs have any visitors on the day of the kidnaping and who were they? Did the servants have any visitors?

## LIBERATED

NEW HAVEN, Conn., March 10.—Police searched the liner *Le De France* this afternoon on the possibility that the Lindbergh child might be aboard. They found nine babies but all of them were satisfactorily identified.

HOPEWELL, N. J., March 10.—Hot tips sent the hope gauge of the Lindbergh baby searchers high today.

There were two statements that Charles Augustus Lindbergh Jr. is safe and well. One was made by Governor Moore of New Jersey.

"It is my personal opinion," he said, "that the baby will come back alive and safe. I don't know when, but whenever it is, I feel sure he will be in good health." He would not say his opinion was predicted on any information.

The other statement was printed in the New York Daily News this morning and credited "an unimpeachable source close to Col. Lindbergh's family."

"In Final Stage," Is Report

The News added it had learned from the same source that contact has been established with the abductors and that negotiations for return of the baby now are in the final stage.

A mysterious Morris Roemer, "whose connections extend deeply into the underworld," is quoted as the Lindbergh home, the News said, and is directing the negotiations which, according to the newspaper's informant, are now near conclusion. It was Roemer, the paper continued, who was able to induce Salvi Spitalo and Irving Ritz, gang figures, to act as go-betweens in negotiations dealing with the child's release.

Roemer was recommended to the Lindberghs "by three men, including a cabinet officer and a congressman," the News said.

The newspaper account sets forth that Roemer moved into a wing of the Lindbergh estate near here two days after the baby was kidnapped, and that on March 11, he installed his men, necessitating the moving of the state troopers to the Lindbergh garage.

Called Valuable Aid

Roemer's connections with the underworld were said to be extensive and powerful. His value in the search was expected to be great, provided the kidnaping were done by any organized gang of criminals, for his contacts would lead him to them ultimately.

The News went on to say that Roemer has made several motor

## NEEDY USE WOOD TO CUT CITY COAL BILL

Service Department Puts Men To Work Cutting Dead Trees.

In an effort to reduce the number of requests for coal with which the poor relief department has been deluged since the advent of the cold wave, Service Director E. O. Unscapher announced today that he placed all of the men who had been working for grocery orders to work cutting dead trees in various parts of the city and reducing the logs to stove size wood.

While in most cases the requests for coal are supplied with a part coal and part wood, some are supplied entirely with wood.

Seventeen men, the service director said, were now being used in cutting wood. The trees used are taken mostly from the lawn borders in various parks of the city and are trees that have died and in many cases have become a hazard from dropping branches during wind storms. Some have been taken from the parks. The wood is cut to the required size and delivered in city trucks to the homes of the needy, in response to orders issued by the city relief department.

Since the trees are removed from city property and are in many cases have become a hazard from dropping branches during wind storms, the plan will result in a marked reduction in the cost to the city. The volume of requests for coal can be gathered from a report by Relief Commissioner C. M. Tobin that on one day only this week, 93 orders for coal were given out by his department, representing the purchase of 44 tons of coal by the city.

LOVED TO EAT, AND NOW SHE CAN!

One of the suffering from so-called "indigestion" or acid-dyspepsia could be helped if everyone could know the story of this woman.

She is a woman, 35 years old, lives at 1160 Park Avenue, New York City.

She suffered from headaches and heartburn after meals. She couldn't sleep. She should never feel right.

For five years I experimented with medicines and treatments, until I heard about Pape's Diapepsin. I have used three packages now; have gained five pounds, and feel fine.

If you, too, suffer from sourness, gas, belching, nausea, headaches, indigestion, or pain after eating—try regularly or just at times, get a box of Pape's Diapepsin from your druggist. Then you need never worry again about what you eat.

Hope, No News  
Wise Japan  
When Ziegfeld Starts  
Beauty and Comedy

BY ARTHUR SPISHANE

WHEN THIS was written yesterday, those in charge of the Lindbergh kidnapping case expressed hope of early important developments. Col. Breckinridge, an attorney who could legally promise protection for the kidnapers, had left on an errand said to be important.

Frank Gorman, ablest police reporter in New York, suggests that a reward should be offered to anybody giving information concerning the whereabouts of the child. He says:

"Criminals, especially if they are amateurs, nearly always talk to somebody, usually a woman, of their plans in advance, and brag about their accomplishments afterward. The chances are that somebody not connected with the kidnapping knows who kidnaped the child, and where it is, and if they offered a substantial reward, with absolute secrecy, that might bring results."

MAN BLINDLY works the will of fate. Not so with Japan. She plans and carries out her plans.

Manchu rulers came down from Manchuria, made themselves emperors of China, making Manchuria part of the Chinese Empire.

China's republic got rid of the Manchus and unlike westerners China allowed the Manchu heir to the throne, Henry Pu-Yi, to live.

Now Japan takes Manchuria, and wisely also takes Henry Pu-Yi. She put him on the throne of his ancestors in Manchuria, while Tokyo hails a "new epoch."

"How," asks Japan, "can China for the League of Nations find any fault? The boy's family originally owned the place and he is now in possession. What more do they want? We, the Japanese, shall build up a great country there, industrially, financially, agriculturally, and let the Chinese do the work."

A ZIEGFELD FOLLIES first night interests thousands, not interested in the Einstein theory. Historians of the future, describing our era, would like information about such a first night. Here it is.

As many as could be packed into the theater paid each \$16.50 for their seats on Tuesday. The majority present were "somebody." The others paid \$16.50 to be mistaken for somebody.

Walter Chrysler, automobile maker, was there. He said "Ziegfeld gives you ideas for decorating interiors of cars."

The Ziegfeld formula is "Beautiful girls, plenty of humor, a nebulous plot." The chief girl, this time, is Lupe Velez, a Mexican, who dances, sings, rolls her eyes and wiggles.

Thirty "glorified" American girls that stand behind her, and also wiggles, are compared to Lupe Velez like 30 plates of vanilla ice cream standing behind a red hot coal.

MR. ZIEGFELD at the moment specializes in tall girls, with bored expressions, long legs and no more hips than a plucked canary. He makes an exception in favor of one very short girl, who, when she stands straight and kicks, can raise her knee above her forehead. Try to do that!

Humor is supplied by an active person named Bert Lehr, who is persuaded to become a bull-fighter, although he has never seen a bull. When he sees one, in real life a very gentle steer which appears in person on the Ziegfeld stage, the bull-fighter runs.

Mr. Buddy Rogers supplies the manly pulchritude. You have rarely seen such black and glossy hair, or hair that billows so magnetically.

He also sings, and pleases Lupe Velez. That is part of the plot, for there is a tall blond lady who ought to mean something to him. She does not.

JAPAN has its crime organizations. But unlike our racketeer-bootleg gangs they work for what they call "patriotism," not for

## CANDIDATES RUSH TO FILE PETITIONS

Thirty-Two in Political Races Today; More To Be In Before Deadline Friday.

Continued from Page One

It is to be interesting. Three Republicans and two Democrats have placed bids for the nomination of state representative. One Republican has filed for congress, one Democrat has filed for county treasurer and one candidate from each party has filed for coroner, recorder, clerk of courts, prosecuting attorney and sheriff. Two non-partisan candidates for probate judge have filed.

Candidates filing in the primary yesterday afternoon and this morning include Edward F. Leuer of Prospect, Democrat, for re-nomination and reelection to the state legislature; Willie C. West of Green Camp, Democrat, for county recorder; Oscar Gast of Prospect, incumbent, for probate judge; Fred F. Williams of 545 Blaine avenue, Republican and former deputy sheriff, for sheriff; O. W. Kinamon of Prospect township, Republican incumbent, for county commissioner; Miss Gertrude Jones of Windlay, Republican incumbent, for state central committee woman.

Three persons took out petitions in the last two days with which to declare their candidacies. They are Milton J. Morral of Grand Prairie township, Republican candidate for state representative; Dr. J. G. McNamara of 335 south Vine street, Republican candidate for county coroner, and John H. Bibler of Grand Prairie township, Democratic candidate for commissioner.

Mrs. John Zachman of 622 east Church street is a candidate for Republican committee woman in precinct D of the Sixth ward, not for the state central committee as was reported yesterday. She filed her declaration of candidacy on a anti-central committee blank, causing the erroneous announcement.

By The Associated Press  
NEW ORLEANS, March 10.—Three policemen were killed in a police station cellroom gun fight with a Negro prisoner yesterday, and their assailant later met death in an attempt to escape. A Negro inmate was wounded.

Patrolman Cornelius Ford was disarmed and slain by the Negro, Percy Thompson, arrested on a charge of stealing \$50 worth of clothing, as the officer attempted to lock him in a cell.

## WHERE WORKMEN DIED IN BLAST

This Associated Press telephoto shows a general view of the portion of an electric and gas company's plant at Camden, N. J., where 14 men were killed and four injured, two seriously, in an explosion of a purifying tank. The picture was taken shortly after the explosion, which did not affect the external appearance of the tank.

## Former U. S. Bureau Chief Employed as Snake Hunter

By International News Service  
NEW YORK—Seeking snakes is the new profession of Dr. Hugh M. Smith, former chief of the United States bureau of fisheries.

He roams the world looking for new specimens for the Smithsonian institution. Recently he returned to Washington with some models for night-vision.

One of these is the naga kobra, as the Shunee call it. Natives believe it slings with its tail on dark nights and with its head in the moon shines. It coils up in roads and paths with its head bugging the ground and its tail standing erect several inches above the coil.

Double Native's Theory  
Dr. Smith pooh-poohs the tall striking prophecies of the reptile. Another snake obtained in Siam is the "sun-ray." It is the most beautiful of all snakes, having an

iridescent skin with scales that reflect all the colors of the rainbow. Victims rarely recover from its bite.

Among the collection also were several specimens of the naga samprandi, or Brahmin curtain-cord snake. It actually can leap from a branch to branch in trees and across spaces of seven or eight feet. It can climb almost any perpendicular rough surface.

An almost pure-white snake with sharp black markings also was secured. Dr. Smith used it in the tropics as a sort of watchdog on his bed. It likes mosquitoes. He kept it there to catch all that got through the netting. Natives believed it was poisonous, but it is not.

Variety in Collection  
Other specimens include the rat snake, which climbs bamboo clusters to catch birds; the peacock snake, brown, gold, yellow, black, pink and red, with a red tail and a black tip on its tongue; and the fish snake, which can be caught in pools by baiting a hook with a whole small fish.

Dr. Smith also obtained a hissing water lizard which, of all living animals, most resembles in appearance the great extinct dinosaurs. It is, however, only about 14 feet in length.

This creature frequently invades the city limits of Bangkok, the capital of Siam, where it grabs up ducks and chickens like American lizards eat flies and insects.

Her opponent in the district which embraces Lake and Graska counties and a part of Cuyahoga county, will be Congressman Chester C. Bolton, Republican incumbent.

Political leaders expressed the belief Judge Allen will run as a "liberal" insofar as prohibition is concerned, but her announcement contained no comment on issues. She is known, personally, as a friend of prohibition.

Judge Allen was a candidate for the United States senate in 1926 but was defeated in the primary.

Germany Uneasy As Election Nears

By The Associated Press  
BERLIN, March 10.—Government officials prepared today for any eventuality which might follow next Sunday's presidential election, even a general revolt of Adolf Hitler's national Socialists.

Some uneasiness developed yesterday over the possibility of an uprising of the Nazis in case the election goes against them.

Two Hitlerite engineers, Theodore Eickel and F. Kemmet, were arrested and charged with illegally manufacturing bombs.

Athletes Good Students

ANN ARBOR, Mich.—University of Michigan athletes have established what they believe to be an all-time record for scholastic proficiency. Only five of the 397 students competing in a dozen intercollegiate sports failed to achieve the required average to remain eligible for the present semester.

Aids to Deaf Pupils

By United Press  
CHICAGO—Special electrical apparatus has been installed in Chicago schools for the instruction of deaf children. Rooms in nearly 40 schools were equipped with the devices. The installations were made possible through interested philanthropists.

Job Total Mounts.

By The Associated Press  
NEW YORK, March 10.—The united action drive for 1,000,000 jobs for the idle wage earners stood at 154,512 today. The total was reached yesterday when 84 communities in 29 states reported 7,495 new jobs.

City Employees' Pay Cut

By The Associated Press  
STEUBENVILLE, O., March 10.—An additional five per cent reduction in salaries has been ordered for city employees here as a budget balancing measure. Election officials who accepted a general 10 per cent reduction on Jan. 1 were not affected by the latest pay slash.

Accused in "Radio Theft"

By The Associated Press  
COLUMBUS, O., March 10.—Charles Holmes, 19, of Columbus, was arrested on a charge of stealing \$2,000 worth of equipment from WEAO, the Ohio State university station. Two other students were previously taken into custody.

The United States exported motion picture equipment valued at more than \$9,000,000 last year as compared with about \$5,000,000 worth exported in 1929.

Youngest Solon

Though only 25, W. Carlton Mobley (above) of Macon, Ga., was overwhelmingly elected to the U. S. house of representatives. He polled more votes than his five opponents combined. So far as known the new "baby congressman" is the youngest member of any legislative body.

## REPORT DEAL WITH KIDNAPERS IS NEAR

Negotiations for Return of Child Rumored in "Final Stage."

Continued from Page One

Steps to end the Lindbergh abduction recent days accompanied by Colonel Henry S. Breckenridge, Colonel Lindbergh's counsel and confidant. In substantiation, it published a photograph of the two which it said was taken Monday night and stated that the two were photographed again yesterday "en route to another rendezvous."

Yesterday's meeting had been counted on to clear away the final obstacles to the baby's return to the white house on Sprinland mountain, the newspaper said, "but the plans failed."

State police, confronted with the New York story, said they knew nothing of Foster.

One official said that if the kidnaping were done by organized criminals, it was done by one of perhaps four such groups in New York city, and that underworld go-betweens would be in the best position to know who made up these groups and how to contact them.

Want Path To Be Safe  
From a source it regards as reliable The Associated Press heard last night that the abductors had advised Col. Lindbergh they did not as yet feel it safe to deal with him. When they deem the time "proper and safe," the kidnapers are reported to have advised Col. Lindbergh they will deal with him.

The press conference with state police early today revealed that the authorities have not as yet eliminated Betty Gow, the child's nurse, "from any consideration." Asked if a definite statement could be made in this connection, the reply was: "Not at this time."

Miss Gow is at the Lindbergh estate. In answer to a question two days ago as to what she was doing there, the reply was: "She is performing her usual duties." Miss Gow's rugged duties are the care of Charles Augustus Lindbergh Jr. The sketches of the police replies to questions concerning the search has made detailed inquiry unproductive.

The early morning questionnaire revealed that the handwriting of Henry (Red) Johnson, sailorman friend of Miss Gow who is held for questioning by Newark police, had been checked against that on post-card messages to the Lindberghs intercepted at Newark, South Orange, N. J., and Hartford, Conn., and that the handwriting was not the same.

WASHINGTON, March 10.—In the setting of his earliest triumphs, final honors were brought today to John Philip Sousa. His family assembled with a group of distinguished musicians and government officials to attend the funeral, late this afternoon, of the great bandmaster and composer.

The Marine band, which he conducted 40 and more years ago, formed with companies of soldiers and sailors to escort Sousa's body from its own bandstand where the casket rested in state two days, to the grave at Congressional cemetery.

### WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sick and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If it fails to do this freely your food doesn't digest, it just decays in a bowel, and builds up your stomach. You have thick, bad taste and your breath is foul, skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes three good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of substitutes, etc. at all stores. © 1931 C. M. Co.

## Stop Bad Breath

Thousands of people afflicted  
with bad breath find quick relief  
through Dr. Edwards' Olive Tab-  
lets. The pleasant, sugar-coated  
tablets are taken for bad breath by  
all who know them.

Dr. Edwards' Olive Tablets ac-  
tively but firmly on the bowels  
and liver, stimulating them to na-  
tural action, clearing the blood  
and gently purifying the entire  
system. They do that which dan-  
gerous cathartics do without any  
of the bad after effects.

Olive Tablets brings no griping  
pain or any disagreeable effects.  
Dr. E. M. Edwards discovered the  
formula after 20 years of practice  
among patients afflicted with  
bowel and liver complaint, with the  
afternoon had been from China.

them by their green color. Take  
nightly for bad breath and note the ef-

## FEATHERS LATEST FOR HEAD DRESS

## New Wigs Fashioned from Variety of Plumage

## Novelty But Practical

NEW YORK—And now it is  
about to be feathered.  
Not figuratively this time, but  
literally. Chic New York women  
have discovered that nothing is so  
decorative as a headpiece made of  
feathers and the new vogue is  
spreading rapidly for the latest  
wrinkle in feminine adornment to  
be adopted by New York women  
is the feather wig.

Though the new fashion sounds  
fantastic, it is practical and beau-  
tiful, its originator, Louis Par-  
me, has declared. Mr. Par-  
me is a hairdresser to Greta  
Garbo, Tallulah Bankhead, Hope  
Williams, Fritz Schell and many  
other stage and screen stars. Many  
of them have ordered feather wigs  
and if it is true that movie  
fashions set the style, we may all  
be wearing feather wigs in a few  
months.

Feather wigs are a novelty but  
very practical, Mr. Par-  
me says. "They weigh less than one ounce,  
and are made on a net foundation  
that is easily ventilated so that  
they are perfectly sanitary. They  
take a minute to adjust. They re-  
quire no fussing and what is most  
important of all, they are very  
beautiful and exciting looking. No  
matter how well coiffed a woman is  
at the beginning of an evening  
party, by the end of the evening  
her hair is generally rumpled, her  
waves loose and her whole appear-  
ance a little less striking. But  
with feather wigs her head is al-  
ways in order."

The foundation is a cap of net  
that follows absolutely the line of  
the wearer's head. The feathers  
are stitched, one by one, to the  
net and the wig is then adjusted to  
the head by means of hidden elas-  
tic bands. First of all, the hair  
is brushed evenly back and tied  
under a net so that none of it  
peeps from under the wig. Some  
of the wigs are made like wind-  
blown bobs. Others give a coronet  
effect. Some have a middle part,  
some a side part. Some are worn  
low at the back of the neck.

Many feathery Avonites themselves  
to wig making, Mr. Par-  
me points out. It is possible to combine  
two types of feathers in one wig, but  
the effect must always be quite  
simple. One of the most success-  
ful wigs in Mr. Par-  
me's collection is a black one which is made of  
swan feathers, covered with a  
pearly substance and laid in petal  
effect over a wind-blown fringe of  
white feathers. The result is a  
black wig with a fringe of white  
feathers arranged like a coronet at  
the back. "L'Atrocine" is of choi-  
sate colored curled ostrich laid in  
little ringlets against the head, a  
most original effect. "Giro" is of  
very shiny black burnt goose  
feathers, with a little fringe of  
"spit curls" on the forehead.

"Coquette" is of platinum blonde  
feathers, with a fringe of feathers  
around the head. "Fascination" is  
of black feathers which is made  
entirely of black feathers that look  
exactly like a wind-blown bob.

Though these feather wigs are  
quite simple, there are others that  
are more dramatic and better  
suited than personal wear. "Le  
Coq d'Or" is made of mauve  
hackle and swan with a sunray  
effect made of a fan of feathers  
that stand out from the back of  
the head. "Thousand" is made of  
bright green hackle feathers, has  
a double question mark at the  
back.

There are types and shades of the new coiffure to suit every  
complexion and shape of head and face, a few of which are shown  
above. No. 1 is called "L'Africaine." It is of brown curled ostrich  
feathers. It gives the effect of ringlets against the head. No. 2 is  
named the "Phantasy." It is of bright green hackle feathers, with a  
double question mark at the back. No. 3, appropriately named  
"Claire de Lune," is a beautiful creation of pearly swan plumage  
and white hackle, conveying a platinum blonde effect, only more  
charming. No. 4, titled "Fascination," is of black burnt goose feath-

Child Conservation League  
Wants Kidnaping U.S. Offense

VOTING the sentiment that kid-  
naping should be made a fed-  
eral offense, members of the  
Central district of the state Child Con-  
servation League voted to send pe-  
titions to their congressmen asking  
that this action be taken, at the af-  
ternoon session of the Central dis-  
trict conference held yesterday at  
Hotel Harding. The all-day meet-  
ing was attended by more than 40  
representatives from Lima, Find-  
lay, Columbus, Gallatin and Marion  
circles. Members of the various cir-  
cles will be asked to sign the peti-  
tions which will be sent to their  
district congressmen. The adoption  
of the measure followed a discus-  
sion prompted by the recent kid-  
naping of Charles A. Lindbergh Jr.  
The afternoon session was de-  
voted to reports and discussions of  
phases of the governor's conference  
on child health and protection held  
Jan. 21 and 22 at Columbus.

Mrs. R. D. Stockdale, state re-  
cording secretary, discussed the  
January conference. "Too much  
attention is being paid to the de-  
tail of housekeeping and not enough  
to home making," she stated. "The  
home should be a place where the  
child can grow properly and hap-  
pily and we as mothers must qual-  
ify as an authority before we de-  
mand implicit obedience."

The school setting of the child  
was presented by Mrs. W. Van Fos-  
sen, president of the Columbus  
league. She explained the differ-  
ent points of the children's charter  
pertaining to schools and dis-  
cussed the problems of training  
handicapped children. "People of  
Ohio might do with less road im-  
provements and more child im-  
provements," she stated. She urged  
the inspection of schools, facilities,  
and the milk, water and food con-  
sumed by the child. She pointed  
out that 11,000 children failed in  
the state last year and said that an-  
swers to questionnaires sent out to  
clubwomen and persons interested  
in child welfare showed that pa-  
rental indifference was largely a  
contributing cause.

The paper to be contributed by  
Mrs. Elmer Tracy of Columbus was  
presented by Mrs. Stockdale. She

presented the community side of  
the child's life in which she placed  
youthful adult leadership as a nec-  
essary element in the building of a  
normal child life. The members  
voted to sponsor the publication of  
the spring issue of the League Mes-  
senger.

A question box and roundtable  
discussion followed the papers. An  
invitation was extended by Eastern  
circle of Columbus to attend a  
meeting in that city March 18 at  
which time Mrs. Gary C. Myers of  
Cleveland will be the speaker.

Social Circle Meets.

Lutheran church yesterday after-  
noon at the home of Mrs. J. D.  
Jacobs of west Columbia street. A  
short business session was held  
and the afternoon spent socially.

The hostess served a two-course  
luncheon assisted by Mrs. G. B. Shank  
a guest of the society. The next  
meeting will be April 13.

How Doctors  
Fight FAT

Medical science finds that lack of a  
certain gland secretion is a great cause of  
obesity. Food that should create energy  
goes to excess fat. People slow down and  
gain weight. Now doctors the world over  
supply that lacking factor. Instead of  
starving people, they combat the cause of  
fat. Abnormal figures, in late years,  
have been disappearing fast. The basis of  
Marmola's prescription tablets. People have  
used them for 24 years—millions of boxes  
of them. Now almost everyone has friends  
who know and show the delightful effects  
of Marmola.

If you are overweight, go try Marmola. All  
druggists supply it, and a book in each  
box tells you all about it. Start Marmola

The best way to prevent  
doctors say, is to avoid  
stomach and bowels by keep-

tiny baby's tender little organs  
must stand harsh treatment.  
must be gently urged. This is  
the time Castoria can help.

# Harding To Meet Delaware in District Tourney Friday

## DELAWARE EXPECTED TO GIVE PRESIDENTS GRUELLING STRUGGLE

Victory Will Put Red-Black Combine into Tournament Finals.

Fully aware of the fact they are running into an obstacle of no small proportions but confident of the ability to hurdle the obstruction, the Harding High school basketball team today makes final plans for the clash with Delaware High school Friday at 8:45 p. m. The Men of Bohyer will collide with the neighbor city five in the semi-finals of the central district class A tournament at Edwards gymnasium in Delaware.

The Friday night battle will mark the second time this season the Red and Black team of Harding has lined up against Coach Ervin Carlisle's proteges from Delaware. In the previous meeting the Red-Black team turned in a comparatively easy victory but there is no indication the game Friday night will be a repetition of the earlier start. Delaware has come along fast since the early season beating at the hands of Harding. The Carlisle-coached combine has played but one game in the district tourney but looked the part of a strong team in this one tourney start. Circleville bowed to Delaware last Saturday, 28-25.

Harding Has Won Two While Delaware has turned in a single victory Harding has a single tournament win to its credit. Grandview was slaughtered by the Presidents 42-12 in the first game and Columbus West fell, 28-19 in the second.

Should Harding battle its way to victory over Delaware, the Presidents will meet the winner of the Columbus North-Columbus East game for the district championship on Saturday night. Columbus North is doped as the winner of the other semi-final game.

Delaware will put a team on the floor against Harding that will be smaller in stature than the Red and Black combine but a team that is as fast as any five Bohyer can put on the floor. It is likely that Harding will be forced to play its best basketball of the tournament to date if the Carlisle team is to be numbered among its victims.

## Around the Training Camps

By The Associated Press  
NEW ORLEANS. They are making big predictions for Frank Pytlak, rookie catcher with the Cleveland Indians.

Pytlak, who was purchased from the Buffalo International last winter, has been showing so much ability with bat and glove that he may be a regular in the lineup this summer instead of third stringer behind Luke Sewell and Glenn Myatt.

ST. PETERSBURG. When the New York Yanks open their exhibition schedule against the Boston Braves Saturday, they probably will put an experimental team in the field.

LOS ANGELES. New York Giants players are the source of some of Manager John McGraw's broadest smiles.

Carl Hubbell and Bill Walker, the Giants' star left handers, are showing their best pre-season form. Young Jim Mooney, another rookie, is slow rounding into form.

## DIZZY DEAN SEEKING REASON FOR FAILURE TO REACH TOP FORM

Eccentric Hurler Wilder Than a March Hare as Cards Are Laced.

BY ALAN GOULD  
Associated Press Sports Editor  
BRADENTON, Fla. March 10.—Camp followers of the Cardinals, waiting about today for the answer to what is wrong with Jerome Hirschman (Dizzy) Dean.

Dean was as wild yesterday and the day before. Reds patted him for his runs in three innings. He was ineffective against the Athletics last Sunday. So far he has not shown anything like the form expected of him.

Dean names the bad weather and a recent attack of "flu" (Gaby Street, the sagacious leader of the world champions, thinks it is just a matter of adjustment and time until Dean settles down.

"I agree with Diz on the score that he has had to work on the two worst and windiest days we have yet had in the training season," remarked the old sage. "But that doesn't altogether explain his lack of control. I think it will just take a little longer for this boy to settle down."

## BLUFFTON GETS ONE ON HONORARY QUINT

Associated Press Names Mythical Teams from Northwest Ohio Circuit.

By The Associated Press  
COLUMBUS, O., March 10.—A league champion is naturally expected to grab the lion's share of positions on an all-conference team. However, such is not the case in the Northwest Ohio conference this season as the all-star quint selected for the Associated Press by coaches and sports writers shows only one Bluffton man on the first five and Bluffton won the pennant.

Defiance, the runner-up, placed two and Findlay and Bowling Green, one each.  
Triplehorn was the lone Bluffton player on the first team. One of the state's highest scorers, he was placed at forward with Schlechty of Findlay, Hargrove of Defiance was the center choice and his running-mate Heichman was given a guard position. Hyatt of Bowling Green was almost the unanimous choice for the other guard.

## Over the Top

Although only 15 years old, Jack Holst, of Los Angeles, is regarded as one of America's outstanding hopes in the 1932 Olympic events in the 100 yard dash. Jack, a member of the L. A. C. C. has been an expert on the bars since he was a small child. He is shown doing a difficult one-hand stand at the Olympic stadium during a recent workout.

## ARMOUR SHARES IN TOURNAMENT STAKE

By The Associated Press  
MIAMI, Fla. March 10.—Tommy Armour and Ed Dudley have won the chief spots in Miami's \$5,000 international four ball tournament over Billy Burke, National open champion, and Johnny Golden of Noroton, Conn.

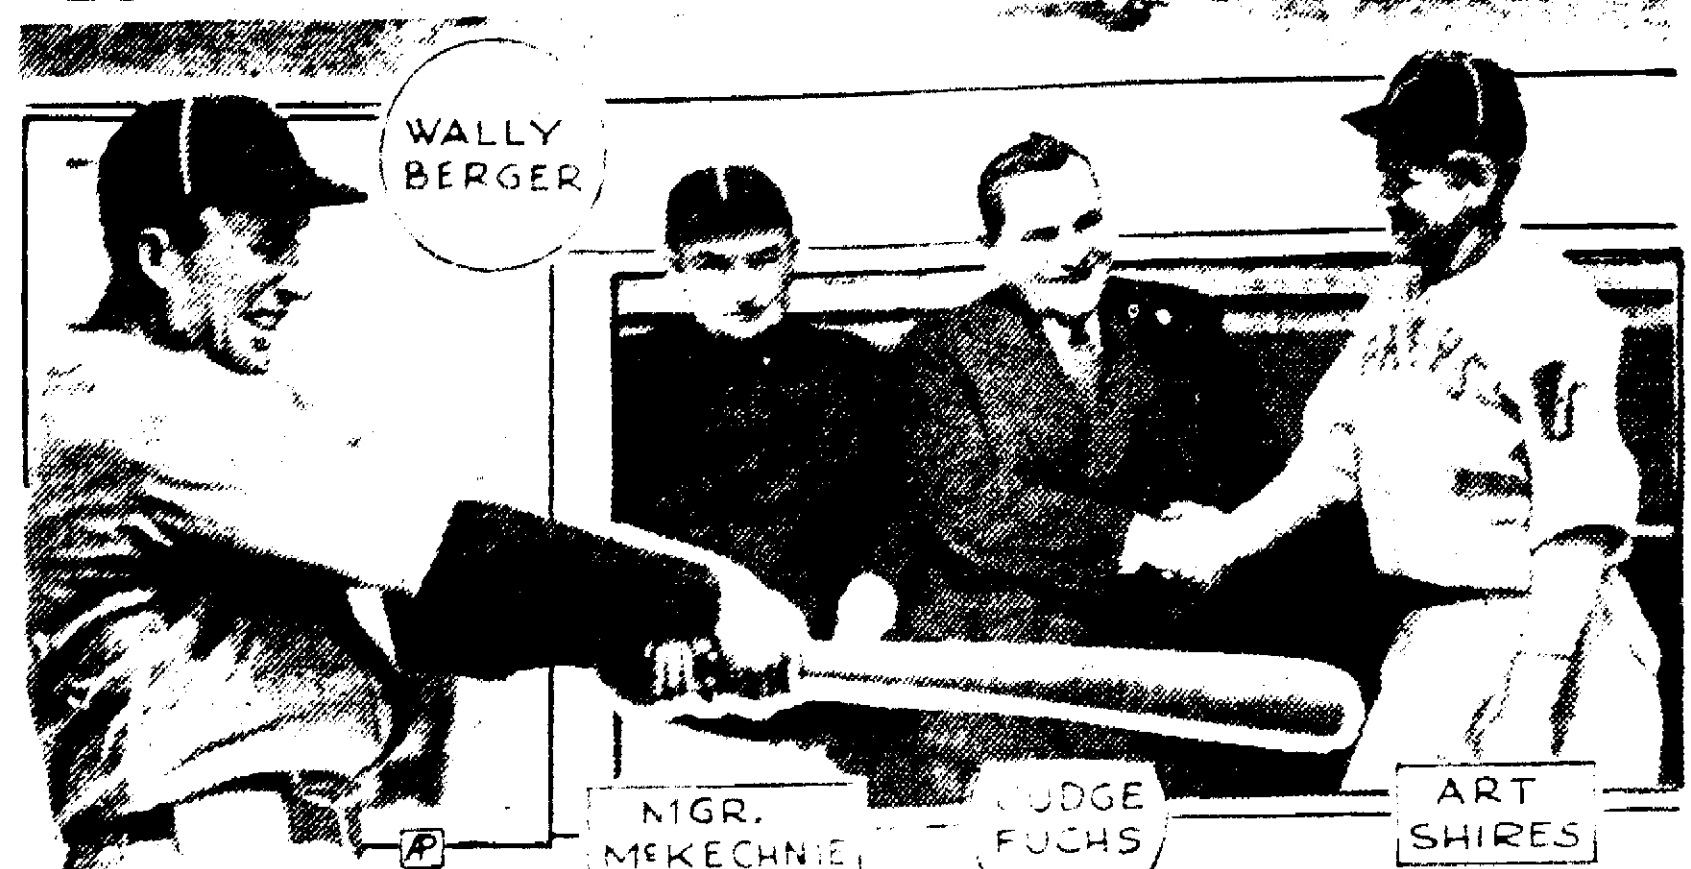

Armour sank a birdie four on the 14th hole yesterday to end 3 and 2 a match that the locker room dopsters figured for Gene Sarazen and Johnny Farrell, who were defeated in the semi-finals Tuesday by the champions.  
The share of the winners was \$750 each. Burke and Golden each took \$250.

## HOPE SPRINGS ETERNAL SO BOSTON BRAVES ASSUME AIR OF CONFIDENCE

The Boston Braves think they are going some place this year, and everybody is happy at the St. Petersburg, Fla., spring camp. Art Shires, the happiest of the lot, is shown (center) shaking hands with Judge Emil Fuchs, club president, who seems pleased to see the "great one" in uniform. Manager Bill McKeechne appears satisfied, too. Below Wally Berger, big slugger, has fun even when he misses one. Notice the smile.

BY BILL MCKEECHNE  
(Manager, Boston Braves)  
By The Associated Press  
ST. PETERSBURG, Fla. — I am very hopeful for much better things for the Braves during the coming season. For one thing, I have room for hope. But seriously, I honestly believe I have a better club than last year.  
Art Shires, I have every confidence, will strengthen us at first base. He has learned his lesson, I am certain. Everybody knows he has plenty of natural ability, particularly as a hitter and batting is our greatest need.  
However, Shires is not the only newcomer from whom we expect added infield strength during 1932. As third base I feel I have every right to look for help from Fritz Knebel. Knebel, who came with Seattle made the regular Pacific Coast league team. He is a fine, fast fielder and a good hitter, and he comes to us with a lot of experience.

## PREDICTS U. S. WILL REGAIN DAVIS CUP

By The Associated Press  
NEW YORK, March 10.—Frank Shields, American tennis hopeful, is satisfied the Davis cup is about to come back to the United States. He feels he and Ellsworth Vines, playing the singles, and George Lott and Johnny Van Ryn, in doubles will have an edge on any combination either Great Britain or France can summon.  
Cornered after he had completed an hour's practice, he appeared in fine fettle, showing no trace of the knee injury that forced him to withdraw from the finals at Wimbledon last year and troubled him in the Davis cup play at Paris. Shields says the Frenchmen and not Great Britain, still are the ones to beat, even with Jean Borotra on the sidelines.

## WESLEYAN WILL CUT ATHLETIC SK TO STAY IN BUDGET

Delaware School To Supply Both Baseball and Track This Spring.

Special to The Star  
DELAWARE, O., March 10.—While many colleges are within their budgets, Wesleyan university here will cut both baseball and track and subsidize two minor sports, golf and tennis, said today.

All of the expenses incurred by the athletic department in case of tennis and golf will be paid by the university. Wesleyan since little revenue is received from either sport.

The baseball team has games with Ohio State, Ohio university, Miami, Wash and DePauw, while the track has dual meets, scheduled, Geneva college, Western State, Denison and Miami, in addition to the Buckeye contest at Granville on May 28. Two games are scheduled, each opponent in baseball, Washash and DePauw, who met only once.

Meets with Ohio State, State Normal, Michigan State, Otterbein, already have been booked by the tennis team. The golfers will engage Denison and Kenyon in home matches.

Baseball is coached by "Fritz" Mackey, track by Coach and tennis by George Starnes, assistant director of athletics. Golfers will not have a coach.

## Young Man Are You Saving Money?

I understand there was some merriment when I drafted "Huck" Peters from St. Paul, but I predict there won't be any laughing when he is seen performing for us next summer. He has unbecoming control, and the fact that he has got something was demonstrated when he started in the American association in 1931 and also in the "Little white series."

Our pitching staff, most everyone agrees, last year would have landed us in the first division with any hitting behind it. I think we have behind the hitting situation, and we are going out hard for a berth among the upper four.

Another thing, I firmly believe that Wes Schumacher will be a tower of strength for us this year. Mark this: Wes is going to be a big league star.

## 7 HOURS IN BED AND NOT 7 MINUTES' SLEEP

### The Toll Acidity Takes!

When you go to bed drowsy and can't sleep and rise in the morning more tired than when you went to bed, it's a sign you're "acid." Acidity causes acid-indigestion with gas, sourness and burning and sets up intestinal putrefaction which saps our vitality and wears out nerves.

Magnesia Oxide, developed in Germany by the world's foremost pharmaceutical house, corrects acidity in the right way. Upon contact with the acid in the stomach, Magnesia Oxide generates nascent, or active oxygen, which does the three things necessary to correct acidity—stimulates the alkaline gastric mucus, checks intestinal putrefaction, promotes bowel action. Get a package of Magnesia Oxide today and take two after each meal. See how much better you feel. If not more than surprised with the results, your money back. ### COURT NEWS

#### Jury To Hear Case

A common pleas court jury this afternoon was to hear the case of Roy. Ireland against Ireland Trucks, Inc.

Ireland brought suit against the company for \$45 which he claimed represented his down payment on a truck which he was to purchase from the company under an agreement. He maintained that the company failed to go through with the agreement and that he was never given possession of the truck and was the down payment refunded.

In an answer and cross petition the truck company sets up Ireland's note to the company involved in the truck purchase agreement. Ireland maintains that the notes amounting to \$3,795.28 are not valid because he never received possession of the truck.

Frank Wiedemann is counsel for Ireland. The truck company is represented by W. N. Hunter of Marion and the law firm of Davies & Lynch of Cleveland.

Cook, against the Ohio Farmers' Insurance Co. and others. He corroborates statements of the administrator regarding a fire insurance policy on Salt Rock township property which is part of the Hazel C. Cook estate. He also seeks judgment against the insurance company for \$2,920 on the policy as the result of a fire March 11, 1931, which destroyed the allegedly insured property.
